

SG Practice

Client Service Agreement

Service Provider: SG Practice (“Provider”)

Client: The individual or business entity completing payment for SG Practice services via Stripe (referred to herein as “Client”).

Acceptance and Effective Date: This Agreement becomes effective on the date Client completes payment of the Setup Fee via Stripe and accepts these terms at checkout. No physical signature is required; acceptance is recorded electronically by Stripe with timestamp and is legally binding.

1. Scope of Services

Provider will build and manage a client acquisition system for Client, including: Meta (Facebook/Instagram) advertising campaign setup, creative development, and ongoing management; automated lead follow-up system (SMS and email); pipeline tracking and lead management infrastructure; and monthly performance reporting.

Client’s specific service categories, target practice areas, and intake criteria will be documented in writing during onboarding and may be updated by mutual written agreement thereafter. These service categories govern the Qualified Inquiry definition in Section 5.

2. Launch Timeline

Provider will launch initial campaigns within 14 calendar days of the latest of (a) acceptance of this Agreement, (b) receipt of the Setup Fee, and (c) receipt of all required access, assets, and approvals from Client. Delays caused by Client in providing access or approvals will extend this timeline accordingly, on a day-for-day basis.

3. Fees and Payment

Setup Fee: \$1,500.00 (one-time). Charged at the time of acceptance via Stripe. Work begins upon receipt of payment.

Monthly Retainer: \$1,500.00 per month. The first retainer payment is due 30 days after campaign launch. Subsequent payments are due every 30 days thereafter.

Advertising Spend: Ad spend is separate from Provider’s fees and is paid directly by Client to the advertising platform (Meta). Minimum ad spend is \$500.00 per 30-day cycle. Provider will recommend adjustments based on performance.

Payment Method: The Setup Fee is paid via Stripe at acceptance. At acceptance, Client will also provide a valid credit or debit card via Stripe, which Provider is authorized to charge automatically for each Monthly Retainer payment on its due date. The recurring billing subscription will be activated by Provider upon campaign launch, with the first charge occurring 30 days thereafter. Client may update the payment method on file at any time.

If an automatic payment fails for any reason, the outstanding amount is due upon receipt of an invoice from Provider. If payment is not received within 7 days, Provider reserves the right to pause all active campaigns until payment is made.

4. Client Responsibilities

Client agrees to provide all required access, assets, and approvals necessary for Provider to launch and operate campaigns, including but not limited to: completion of Provider's onboarding intake form (which captures service categories, creative assets, lead handling information, and other operational details), Meta Business Manager access, ad account access, website access, and any creative materials. The 14-day launch window in Section 2 begins only once all such items have been received. Client is responsible for responding to new leads generated by the system. Provider is not responsible for leads that go unanswered or cases that do not convert due to Client's intake, consultation, or sales process.

Provider leads creative direction, ad copy, and campaign execution. Any ad content featuring Client's name, firm, photo, credentials, or direct testimonials requires Client's written approval before publication. Client may request adjustments at any time, and Provider will incorporate reasonable feedback in subsequent creative iterations. Client agrees to respond to feedback requests in a timely manner to avoid launch or optimization delays.

Client agrees to maintain a minimum ad spend of \$500.00 per 30-day cycle to keep the Performance Guarantee in Section 5 in effect. Client may elect to reduce ad spend below this minimum at any time, which voids the Performance Guarantee for that cycle but does not otherwise affect this Agreement.

5. Performance Guarantee and Disclaimer

Performance Guarantee. Provider guarantees a minimum of fifteen (15) Qualified Inquiries within the 30-day period beginning on the campaign launch date (the "Measurement Period"), provided that (a) Client maintains a minimum of \$500.00 in ad spend for the full Measurement Period, and (b) Client provides all required access, assets, and approvals such that campaigns launch within 14 calendar days of the latest of acceptance of this Agreement, receipt of the Setup Fee, and receipt of all required access, assets, and approvals. If Provider fails to deliver 15 Qualified Inquiries during the Measurement Period, or fails to launch campaigns within 14 calendar days of the latest of acceptance, receipt of the Setup Fee, and receipt of required access and assets, Client is entitled to a 100% refund of the Setup Fee. The Performance Guarantee is limited to the Setup Fee and does not apply to the Monthly Retainer or advertising spend paid by Client to Meta.

Definition of Qualified Inquiry. A "Qualified Inquiry" means a completed intake form submission from an individual seeking services within Client's defined service categories (as documented under Section 1) and located within Client's defined geographic targeting area, with at least one valid contact method (phone or email) provided in the form submission. The following do not count as Qualified Inquiries: (i) spam or fraudulent submissions, (ii) duplicate submissions from the same individual within the Measurement Period, (iii) submissions with no contact method or with contact details that are obviously invalid on their face (such as nonsense email addresses or phone numbers), and (iv) submissions requesting services outside Client's defined service categories.

Refund Process. If the Performance Guarantee is triggered, Provider will notify Client in writing and issue the Setup Fee refund within 7 business days of the end of the Measurement Period, without requiring any request or action from Client. Client remains responsible for advertising spend paid to Meta and for any Monthly Retainer payments that have come due as of the refund date.

Platform-Level Exceptions. The Performance Guarantee does not apply where campaign delivery is materially interrupted by actions outside Provider's reasonable control, including but not limited to: Meta ad account suspension or restriction, ad disapproval by Meta for content owned or required by Client (such as Client's name, photo, credentials, or testimonials), Meta policy changes affecting Client's vertical, payment failures on Client's ad account, or domain or website downtime preventing landing page delivery. In such cases, the Measurement Period is paused until the interruption is resolved, and the launch and refund clocks resume from that point.

General Performance Disclaimer. Except as expressly set forth in the Performance Guarantee above, Provider does not guarantee specific cost-per-inquiry, conversion rates, case values, or revenue outcomes, as these depend on market conditions, ad platform algorithms, Client's intake process, consultation quality, and pricing. Provider will optimize campaigns based on available data and best practices.

6. Account Ownership

All ad accounts, Meta Business Manager assets, and lead data generated through campaigns belong to Client. Provider will operate within Client's accounts or, if Provider creates accounts on Client's behalf, will transfer full ownership to Client upon termination.

7. Intellectual Property

Ad creative and copy developed specifically for Client during the term of this Agreement are licensed to Client for use during the term, and transfer fully to Client upon termination.

Automation systems, workflows, software, prompts, campaign strategies, and proprietary processes developed by Provider remain the sole property of Provider and are licensed to Client only for the duration of this Agreement.

8. Confidentiality and Case Study Use

Both parties agree to keep confidential any proprietary or sensitive business information shared during the course of this engagement.

Provider may reference the working relationship and performance data as a case study for marketing purposes. Any use of Client's name, firm name, photo, or other identifiable details in public marketing materials requires Client's prior written approval. Anonymized performance data may be referenced without additional approval.

9. Termination

Either party may terminate this Agreement at any time with written notice. Written notice is satisfied by email sent to the other party's designated email address on file (for Provider: antonio@sg-practice.com). Each Monthly Retainer is paid in advance for a 30-day service

period; upon termination, Provider will continue to deliver services through the end of the last paid service period, after which no further retainer payments will be charged. No retainer payments will be refunded or pro-rated. Client remains responsible for any ad spend paid directly to Meta through the termination date.

The Setup Fee is non-refundable except as expressly provided under the Performance Guarantee in Section 5.

Upon termination, Provider will transfer access to all active ad campaigns, ad accounts, lead data, and Client-owned creative assets within 7 business days of the end of the final service period.

10. Limitation of Liability

Provider's total liability under this Agreement shall not exceed the total fees paid by Client to Provider in the three (3) months preceding any claim, or the total fees paid by Client under this Agreement to date, whichever is less. Provider is not liable for any indirect, incidental, or consequential damages, including lost revenue or lost clients.

11. Governing Law

This Agreement shall be governed by the laws of the State of Missouri.

12. Entire Agreement

This Agreement constitutes the entire understanding between the parties and supersedes all prior discussions or agreements. Any amendments must be made in writing and agreed to by both parties.

By completing payment via Stripe and accepting these terms at checkout, Client acknowledges that they have read, understood, and agreed to be bound by all provisions of this Agreement.
