

SG Practice

Privacy Policy

Effective Date: This Privacy Policy applies to all individuals and businesses interacting with SG Practice (“Provider,” “we,” “us”), a Missouri limited liability company. It governs how we collect, use, and protect information in connection with our client acquisition system services.

1. Information We Collect

From Clients: legal business name, contact name, email address, phone number, business address, EIN, payment information (processed by Stripe), and access credentials or identifiers for advertising platforms and related business assets necessary to deliver services.

From Leads Generated for Clients: name, email address, phone number, and any additional information provided through intake forms operated on behalf of Clients. This data is collected on behalf of the Client and is owned by the Client as set forth in the Client Service Agreement.

2. How We Use Information

We use information to deliver contracted services, build and operate advertising campaigns, automate lead follow-up, communicate with Clients about their accounts, process payments, and meet legal and regulatory obligations including SMS compliance (10DLC) and tax reporting. We do not sell information to third parties and do not use Client or lead data for marketing purposes outside of the services Clients have engaged us to perform.

3. Service Providers and Data Sharing

We share information only with the service providers required to deliver our services. Each operates under their own privacy and security policies:

Stripe: payment processing and billing.

Meta Platforms: advertising delivery and pixel-based campaign optimization.

Twilio: SMS message delivery and 10DLC compliance.

SendGrid: transactional email delivery.

Tally: intake form hosting and submission collection.

Make: workflow automation between connected services.

Google: Google Sheets for pipeline data storage and Google Workspace for internal operations.

Calendly: appointment scheduling.

Vercel and GoDaddy: website and domain hosting.

We do not share information with third parties for any purpose other than delivery of contracted services. We may disclose information when required by law, in response to valid legal process, or to protect our rights or the rights of others.

4. Data Retention

Client account information is retained for the duration of the service relationship and for three (3) years thereafter for accounting, tax, and legal record-keeping purposes. Lead data generated for Clients is owned by the Client and retained or deleted at Client's direction. Upon termination of services, Provider transfers all Client-owned data to Client within 7 business days, as set forth in the Client Service Agreement.

5. Data Security

We rely on the security infrastructure of our service providers, all of whom maintain industry-standard practices including encryption in transit and at rest. Payment information is handled exclusively by Stripe and is never stored on systems we control. While we take reasonable measures to safeguard information, no method of transmission or storage is fully secure.

6. Your Rights

You may request access to the information we hold about you, request correction or deletion, or request that we restrict its use, subject to legal and contractual record-keeping obligations. To exercise these rights, email antonio@sg-practice.com. We will respond within 30 days.

7. Changes to This Policy

We may update this Privacy Policy from time to time. The updated version will be effective as of the date posted at sg-practice.com. Continued use of our services after changes are posted constitutes acceptance of the updated policy.

8. Contact

Questions about this Privacy Policy or our data practices may be directed to antonio@sg-practice.com.
